Aluminium curtain track systems **PRIMELINE**

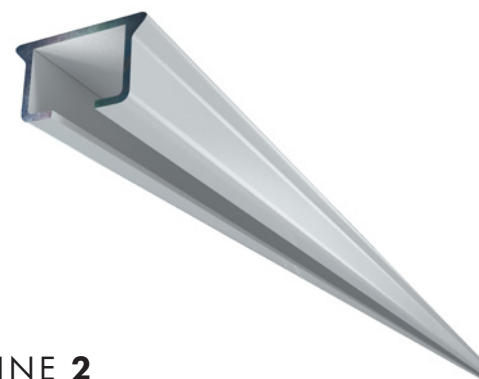

Aluminium curtain track systems. Minimalism, durability, and fluid motion.

Our **PRIMELINE 1** and **PRIMELINE 2** aluminium track systems (single and double track) are the answer to the needs of modern interiors where detail matters and functionality knows no compromise.

The application of our aluminium curtain track systems (single and double track) is incredibly versatile – ranging from minimalist apartments to demanding public utility buildings:

- **Home & Residential**
 - Living rooms and bedrooms
 - Recessed installations
 - Corner and panoramic glazing
- **Commercial & office spaces**
 - Conference rooms
 - Hotels
 - Restaurants and cafés
- **Specialist applications**
 - Home cinemas
 - Patio and balcony doors
